CIRCULAR LETTER #1915

To: **All Bureau Members and Subscribers:**

Re: **Revision of Rates and Rating Values – Effective January 1, 2017**

The Commissioner of Banking and Insurance (“Commissioner”) has approved a **3.0%** decrease in rates and rating values applicable to New Jersey workers compensation and employers liability insurance effective January 1, 2017 on a new and renewal basis. The rating components of the decrease are summarized below.

EXPERIENCE AND TREND

Analysis of data for the latest two complete policy years and the latest calendar-accident year, following adjustment to present premium and benefit levels, using paid and incurred losses separately, indicates a premium level adjustment factor of **0.911 (-8.9%)** due to **experience**.

A **trend** factor of **1.025 (+2.5%)** is included to recognize changing exposures and losses.

BENEFIT CHANGES

Effective January 1, 2017, the maximum weekly benefit with respect to all types of injuries, except permanent partial disabilities, will be changed from \$871 to \$896. The minimum weekly benefit will be changed from \$232 to \$239. In cases involving permanent partial disabilities, the present maximum weekly benefits ranging from \$232 to \$871, varying on the basis of duration of disability, will be changed to \$239 and \$896, respectively. The minimum weekly benefit for permanent partial injuries will remain at \$35. The effect of the changes to the minimum and maximum weekly benefits results in a premium level adjustment factor of **1.010 (+1.0%)** due to **benefits**.

EXPENSES

There is need for a change in the provisions for Loss Adjustment Expense, General Expense and Production Expense. The combined effect of the changes to the **expense** provisions results in a premium level adjustment factor of **1.029 (+2.9%)**.

OVERALL CHANGE IN RATES AND RATING VALUES

The **combined effect** of the above adjustment factors results in an overall rate and rating value adjustment factor of **0.970**, or a decrease of **3.0%**. The Bureau filed for a decrease of 0.9% in rates and rating values, but the Commissioner reduced the overall change to the approved amount.

EXPENSE CONSTANT

The **Expense Constant** applicable to commercial workers compensation policies is decreased from \$240 to \$160. The Expense Constant for policies providing exclusive domestic servant coverage is increased from \$50 to \$80. Since changes to Expense Constants are not intended to affect premium levels, the rates are adjusted by a factor of 1.005 (+0.5%) to offset the overall reduction in premium.

CATASTROPHE PROVISIONS

A **Terrorism Premium Charge** of \$0.03 per unit of exposure applies to all policies except for the exclusions in 3:9-2 and 3:9-5 of the Manual. Upward deviation from the \$0.03 rate is permissible as provided in 3:9-7.

A **Catastrophe (Other than Certified Acts of Terrorism) Premium Charge** of \$0.01 per unit of exposure applies to all policies, except for the exclusions in 3:9-9 and 3:9-12 of the Manual.

CLASSIFICATION RATES

The adjustment of classification **rate relativity** is based on the policy experience for 2009 through 2013, as reported through the Statistical Plan. The changes in the rates for the individual classifications are supported by, and derived from, the experience.

There are 564 classifications in the Manual effective January 1, 2017 including the codes to accommodate Federal employments. Eight classifications carry no rate assignment. Of the remainder, 130 will experience increased rates, the rates for 382 classes will decrease, and 44 are unchanged.

In order to comply with the decision of the Commissioner, no manual rate for any classification will increase more than 2%, or decrease more than 8%.

There are no changes to the annual policy charges for **private estate or residence employees** as set forth in 3:5-12 of the Manual.

The increase percentage applicable to **non "F" classifications** when coverage is provided under the United States Longshore and Harbor Workers Compensation Act remains unchanged at 50%.

MINIMUM PREMIUM MULTIPLIER

The **minimum premium multiplier** is increased from 150 to 170. The change to premium resulting from the new minimum premium multiplier is minimal and does not impact the overall rate level. Special minimum premiums applicable to private residence classifications and to classifications subject to Maritime or Federal Employers Liability Act coverage are not affected.

SURCHARGES

New Jersey law mandates application of separate policyholder **surcharges** to finance the Second Injury Fund and Uninsured Employers' Fund. Based on the Department of Labor and Workforce Development's estimate of 2017 Fund requirements, the policyholder surcharge percentages effective January 1, 2017, on a new and renewal basis to be applied to the modified premium are:

Second Injury Fund	5.00%
Uninsured Employers' Fund	0.08%

RATES AND VALUES

The complete Table of Rates and Other Values, 2:1-1 through 2:1-7, 3:5-12 and 3:6-8, applicable to new and renewal business effective January 1, 2017 are attached.

CONCURRENT BULLETINS

Concurrent with this Circular, the following also are being promulgated:

Manual Amendment Bulletin #474	- Includes revised Experience Rating Factors, Values and Manual rules.
Manual Amendment Bulletin #475	- Includes revised Premium Discounts and Retrospective Rating Values

Frederick A. Huber
Executive Director

FAH:nl
Att.

PART 2

SECTION 1. RATES AND RATING VALUES

Applicable in accordance with the terms and conditions of approval set forth in 1:1 and the Rules, Classifications and Rating Plans of this Manual.

1. Legend.

- A Rate or Excess Element for each individual risk shall be obtained by the Home Office from the Rating Bureau.
- C The manual rate contains a catastrophe element, the amount of which is shown in Table C of the Experience Rating Plan in 2:5-4 of the Manual.
- F Rate provides for coverage under the United States Longshore and Harbor Workers Compensation Act. Rates for these classifications may be adjusted to provide for coverage under the New Jersey Workers Compensation Law exclusively, in accordance with the special rules contained in 3:6-3 of the Manual and the table of rates in 2:1-4 of this Manual.

2. Workers Compensation Rates—Including Minimum Premiums and Excess Elements.

3. Catastrophe Provisions.

- (a) **Terrorism.** A rate of \$0.03 for each one hundred dollars of policy payroll is applicable as the premium charge for terrorism in accordance with the terms and conditions of 3:3-55 and 3:9-1 through 3:9-7 of this Manual. An upward deviation from the \$0.03 rate is allowed. See 3:9-7 of this Manual for further information.
- (b) **Catastrophe (Other than Certified Acts of Terrorism).** A rate of \$0.01 for each one hundred dollars of policy payroll is applicable as the premium charge for catastrophe (other than certified acts of terrorism) in accordance with the terms and conditions of 3:3-55 and 3:9-8 through 3:9-13 of this Manual.

4. Rates and Factors for Longshore and Harbor Workers Compensation Act Coverage when provided on the same policy as New Jersey Workers Compensation Law Coverage.

- (a) **Non-"F" Classes.** For classifications in this Manual whose code numbers are not followed by the letter "F" the rates do not provide for coverage under the United States Longshore and Harbor Workers Compensation Act. The manual rate and the minimum premium, exclusive of the expense constant, where applicable for any such classification which is used to cover operations subject to the United States Longshore and Harbor Workers Compensation Act shall be increased 50%. For such a classification the increased rate shall be applied to the entire payroll coming under the jurisdiction of the United States Longshore and Harbor Workers Compensation Act. This procedure is not applicable to the classifications for Admiralty or Federal Employers Liability Act employments included in 3:6 of this Manual.
- (b) **Rates for "State Only" Coverage—"F" Classes.** When operations properly classified under Codes 6801F or 7360F are conducted at premises not under the jurisdiction of the United States Longshore and Harbor Workers Compensation Act, the following rates and rating values shall apply thereto:

Code No.	Rate	Min. Prem.	Excess Element
6801	3.10	687.	2.12
7360	7.85	900.	6.31

When operations properly classified under any other classification accompanied by the letter "F" are conducted at a location where no employee is engaged in operations subject to the United States Longshore and Harbor Workers Compensation Act, the rates and rating values for each individual risk shall be obtained by the Home Office from the Rating Bureau.

5. Expense Constant. Expense constants are established and coded on the following basis and shall be applied in accordance with the provisions of 3:3-57 through 3:3-60 of this Manual.

	Code	Amount
Private Residence Per Capita Classifications	0900	\$ 80.
All Other Classifications	0900	\$160.

6. Minimum Premium Formula. Standard Minimum Premiums are derived on the basis of the following formula:

Minimum Premium = Expense Constant + 170 times the manual rate (rounded to the nearest dollar) subject to a maximum of \$900.

Special Minimum Premiums apply to Private Residence classifications and to classifications for Maritime or Federal Employers Liability Act coverage, which are shown in their respective sections of this Manual.

7. Surcharges. The following policyholder surcharge percentages are applicable to the modified premium as described in 3:3-56 of this Manual.

Second Injury Fund Surcharge percentage: 5.00%
Uninsured Employers Fund Surcharge percentage: 0.08%

PART 3
SECTION 5. PRIVATE RESIDENCES, ESTATES AND FARMS

12. Special Classifications and Charges.

Classification	Code	Annual Charge
Private Residences:		
Inservants—full-time	0913	\$60/person
Outservants—full-time	0912	\$60/person
Private Estates:		
Inservants—full-time	0913	\$60/person
Outservants—full-time	0915	\$60/person
Occasional Servants	0910	\$1/policy

The annual policy charge of \$1 is applicable in every instance.

The above premium charges shall be applicable with a standard provisions Homeowners Policy or other policy however designated containing the standard provisions of the Comprehensive Personal Liability policy with respect to the insured premises of the insured.

When coverage for residence employees must be written upon a Standard Provision Workers Compensation and Employers Liability Insurance Policy, the above charges shall be applicable in addition to an annual expense constant charge of \$80 which shall constitute the minimum premium for the code.

Servants need not be named. If during the period additional full-time servants are employed or previously employed full-time servants released and not replaced, a statement shall be made to the company and pro rata premium adjustment made for such full-time servants.

PART 3
